REPORT OF STATE FORESTER

To the Chairman,
Board of Selectmen,
Atkinson, N. H.,

Dear Sir:

In accordance with the terms of an agreement executed between the town of Atkinson and the New Hampshire Forestry Commission, we are submitting a report of White Pine Blister Rust Control work performed in your town during 1928.

We are submitting herewith a financial report indicating the expenditures made by both town and state in your town, together with the acreage covered and currant and gooseberry bushes located and destroyed. Had it not been for an unusually rainy season no doubt a larger acreage would have been put under control. If there are any other facts pertaining to this work not contained in this report, we shall be glad to advise you upon request.

Respectfully yours,

J. H. FOSTER

State Forester.

AUDITORS' REPORT

We have examined the accounts of the Selectmen, Town Treasurer, Collector of Taxes, Trustees of Trust Funds, and find said accounts correctly cast, with vouchers. We find that interest has been drawn from The Todd Poor Fund and has been expended without orders from Selectmen.

The auditors recommend that town reports contain annually statement concerning the whole of the Todd Poor Fund. The auditors also recommend that the agreement made by the town to Wm. C. Todd be sacredly kept, as found written in Haverhill Savings Bank book, No. 31784, over his own signature. Mr. Todd there states that the town of Atkinson accepted The Todd Poor Fund from himself, agreeing that "the interest only is to be expended by the selectmen."

The auditors accordingly recommend that the Trustees of Trust Funds draw upon said interest only when the selectmen direct the expenditures thereof.

C. JULIAN TUTHILL,
C. ROLAND QUIMBY.

Atkinson, N. H., Feb. 23, 1929.

ATKINSON CHILD HEALTH CONFERENCE

A child health conference was held in Atkinson on May 23rd, under the supervision of the State Board of Health, Division of Maternity, Infancy and Child Hygiene, with a group of local people assisting. The chairman of this group was Mrs. Fred Bailey. There were 17 children of pre-school age weighed, measured and given a complete physical examination.

Number of defects found	19
Number of children found with defects	11
Number of children found to be 100 percent	6

The defects found were: Eyes 2, glands 2, depressed sternum 1, ribs 2, hernia 2, heart 1, posture 1, Dr. advised removal of tonsils 2, Dr. advised watching tonsils 4, genitalia 2.

The following defects have been placed under treatment: genitalia 2, glands 1, hernia 2, posture 1, tonsils watched 4, glands corrected 1.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Atkinson :

I have the pleasure to submit herewith my second annual report, together with the report of Mrs. Thompson, Supervisor of music ,and Miss Thomas, School Nurse.

There were 101 different pupils enrolled in the elementary schools last year. This is 6 more than during the previous year. The attendance averaged 95.2 per cent of the membership. This is a little better than the average for the state for that year. Five pupils completed the work of the 8th grade and all of these entered High School or the Academy.

The old aim of education was the accumulation of facts. The aim accepted at the present time is the unfolding and development of character. While the fundamentals are not neglected, more attention is given to training in health, courtesy, fair play and a rational and sympathetic attitude toward work. These attributes come into play in the daily life of each person and are necessary to happiness and prosperity. The test of a person now is not how much knowledge he has, but how strong a character he has. The aim of our teachers has been to arouse and stimulate these qualities possessed by every normal boy and girl. This is being done not at the expense of the regular curriculum, but supplementary to it.

The education of children is a partnership in which both the home and the school must be active. Parents

are invited to visit the schools and talk with teachers concerning the work of their children.

Parents must see that their children are punctual and regular in attendance. They should examine report cards carefully in order to note the progress of their children and in cases where unsatisfactory conditions are reported should get in touch with the teacher for further information.

The reports of the Supervisor of Music and School Nurse are worthy of careful reading and will give some idea of the fine work being done. There are at present but few towns that do not hold dental clinics at frequent intervals. Such a clinic could be held to good advantage at Atkinson. The work done at these clinics is good and is available at a considerable reduction in rates.

The new blackboards and rearrangement of windows at Village Grammar room have been a great improvement over what we had before, and are greatly appreciated.

I believe that Atkinson should equip at least the Village Grammar School with chemical toilets. Such toilets would be a great improvement and in fact are necessary in order to maintain sanitary conditions. There are many such toilets in use in this vicinity and they are entirely satisfactory. Newton and So. Hampton have recently installed these toilets. The cost is not great.

There is a very fine spirit of co-operation evident among our teachers and a willingness to work hard for the welfare of the children. Fine school progress is sure to result from such work. The children are learning lessons in social and civic relationships and

responsibilities no less than in school subjects. Education is not merely an acquisition of facts from books, but is fundamentally the development of those attitudes, habits and ideals which make for good character.

Assuring you of my appreciation of the many courtesies you have extended and the worthy service you have rendered the schools, I am,

Respectfully yours,

WILLIAM J. NELSON,

Superintendent of Schools.

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent and School Board of Atkinson :

I hereby submit my annual report as supervisor of Music in the Atkinson Schools. It is with pleasure I look back upon the year's work, where I have found in every case co-operation and pleasant classroom associations.

The work in music is being carried on in the usual way. The supervisor visits each school once a week, plans the lesson and presents step by step the music problems throughout the course. The text books are from the New Educational Music Course by Ginn & Co.

Following the year's work in musical appreciation a music memory test is given. This test is made up of some of the world's best known classics with the name of the composer. This work is started in grade five and carried on through grade eight.

The operetta "Bits o' Blarney" a Myers Carrington production was presented by the pupils of Center School on March 30. Some of the money was given to the music department for records and some was used for playground equipment.

The pupils at the Academy are working on the operetta "The Love Pirates of Hawaii" by Otis M. Carrington. This operetta is to be given February 8, in the Grange Hall.

In closing let me thank the Superintendent, School Board and teachers for their interest and support in this work.

Respectfully submitted,

EVA W. THOMPSON.
